## Research and SEO

Boost your online visibility and reach the right audience with data-driven SEO strategies. From keyword research to on-page optimization and competitor analysis, we help your website rank higher and perform better.
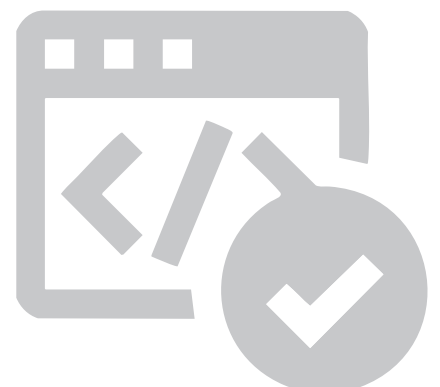

+ **Keyword & Market Research**

+ **On-Page & Off-Page SEO**

+ **Competitor Analysis**

+ **SEO Content Strategy**

+ **Local SEO & Google My Business**

+ **Performance Tracking & Reporting**

## Code Validation

Ensure your website runs smoothly, loads faster, and ranks better with professional code validation. We check and clean up your HTML, CSS, and JavaScript to meet W3C standards — improving performance, SEO, and cross-browser compatibility.

+ **HTML/CSS/JS code validation**

+ **Debugging & error-fixing**

+ **SEO & accessibility optimization**

+ **Cross-browser compatibility**

+ **Page speed & performance checks**

## Web Maintenance Services

Keep your website secure, updated, and running smoothly with our reliable maintenance solutions. From routine updates to bug fixes and performance monitoring — we ensure your site always stays online and optimized.

+ **Regular Website Updates (Content, Plugins, CMS)**
+ **Security Monitoring & Malware Removal**
+ **Backup & Restore Services**
+ **Speed Optimization**
+ **Bug Fixing & Error Resolution**
+ **Uptime Monitoring**
+ **Monthly Performance Reports**
